Mentor Feedback

Mentor Feedback

01 **Overall Quality is Good**
Our mentor thinks our project looks pretty solid overall. It meets the needs of AccuTech and is decent all around.

02 **Next Iteration Can Make Project Look Professional**
With our plans for next iteration being free to our choosing, Evan thinks we could polish our project to make it look professional.

Client Feedback

Client Feedback

01

A Complete Package

Our clients were satisfied with the overall product. They told us it checks all the boxes they wanted us to hit during our time working on the project.

02

An Open-Ended 5th Iteration

Seeing as we met AccuTech's expectations for the project, our clients told us we are free to do what we think is best for the project during its final iteration.

Finishing Strong

Fifth Iteration Goals

01

Improve the PDF's Look
Review our styling and formatting practices to make the PDF shine.

02

Refine Frontend
How else would such a document be authorized?

03

Refactor Internals
We'd love to hand this project to AccuTech with an easily-approachable internal codebase.

04

Address Edge Cases
Our project currently handles common investing circumstances. We'd love to address a few edge cases!
